## Highlights

**Buy Online:** Apply for or purchase permits online at [wildlife.utah.gov](http://wildlife.utah.gov).

**Application Dates:** Applications will be available by May 23, 2006. Applications must be received through the mail by 5 p.m., or online by 11 p.m., on June 19, 2006. Drawing results will be available by July 27, 2006.

**New Bonus Points Available:** Bonus points are now available for antlerless moose. See page 8 for details.

**New Preference Points Available:** Preference points are now available for antlerless deer, antlerless elk and doe pronghorn. See page 9 for details.

**Multiple Elk Permits:** You may obtain two elk permits provided one or both of the permits are antlerless, but only one antlerless elk permit may be applied for or obtained in the drawing. Eligible persons may purchase additional antlerless elk permits after the drawing. See page 11 for details.

A person may obtain two elk permits in any one of the following combinations:

- (a) one bull elk permit and one antlerless permit;
- (b) two antlerless permits; or
- (c) one hunter's choice permit and one antlerless permit.

For the purposes of obtaining two elk permits, a hunter's choice elk permit is considered a bull elk permit.

**Hunt Boundary Maps:** General reference hunt unit boundary maps, including CWMUs, are available online at [wildlife.utah.gov](http://wildlife.utah.gov).

**Hunter Orange:** Hunter orange must be worn when any centerfire rifle hunt is in progress in the same area, including CWMUs and extended archery areas.

**Private Lands:** While taking wildlife or engaging in wildlife-related activities, a person may not, without the written permission of the owner or person in charge, enter upon privately owned land that is cultivated or properly posted. "Cultivated land" means land which is readily identifiable as: 1) land whose soil is loosened or broken up for the raising of crops; 2) land used for the raising of crops; or 3) pasturage which is artificially irrigated. The DWR cannot guarantee access to any private land. If you plan to hunt in an area that is made up of all or mostly private lands, you must also obtain WRITTEN permission from the landowner or an authorized representative of the landowner.

**License Suspension:** The Utah Division of Wildlife Resources has the authority to suspend hunting and fishing privileges for wildlife violations if the Division deems that the violation was committed knowingly, intentionally or recklessly. Any person who is convicted of, pleads guilty or no contest to, or enters a plea in abeyance to a wildlife violation may be subject to administrative suspension. Notification of such action is generally served only after criminal proceedings have been concluded. Any Utah order of suspension may be recognized in other states participating in the Wildlife Violator Compact.

**Protection from Discrimination:** The Utah Division of Wildlife Resources receives Federal financial assistance from the U.S. Fish and Wildlife Service. Under Title VI of the Civil rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975, Title IX of the Education Amendments of 1972, the U.S. Department of the Interior and its bureaus prohibit discrimination on the basis of race, color, national origin, age, disability or sex (in educational programs). If you believe that you have been discriminated against in any program, activity or facility, or if you desire further information please write to: The U.S. Fish and Wildlife Service, Office for Diversity and Civil Rights Programs-External Programs, 4040 North Fairfax Drive, Suite 130, Arlington, VA 22203.

## PROTECT WILDLIFE HABITAT

Use of certified noxious weed-free hay and straw is required on all Federal and State Trust Lands.

Contact your County Extension Agent for weed free alternatives and available sources or go to <http://ag.utah.gov> -> Weed Free Hay.

Vehicles, ATVs, and trailers should be weed-free upon entering Federal and State Trust Lands.

Report weed infestations to local land management office.

## Responsible OHV Use

The Utah Division of Wildlife Resources encourages responsible OHV use. While most OHV users are responsible, misuse results in disturbance to wildlife, damage to wildlife habitat, and personal injury.

Please be aware that unlawful OHV use is a criminal offense. Utah Division of Wildlife Resources conservation officers and State Parks & Recreation rangers regularly enforce all OHV regulations, including: riding an OHV in closed or restricted areas and roadways; harassment of wildlife; helmet-law regulations; and OHV operator age restriction regulations.

Many designated roads and trails on public lands are available to responsible OHV users. You may obtain a copy of a "Travel Opportunity Guide" from the appropriate federal land management agencies (USDA Forest Service or Bureau of Land Management). Please refer to the "Travel Opportunity Guide" for locations where you can ride. Under Utah state law, all public lands are closed to OHV use unless designated open by map, sign, or description. The closures protect sensitive natural resources such as watersheds and valued wildlife habitats, and ensure public safety.

The Utah Division of Wildlife Resources owns and manages several hundred thousand acres of wildlife management areas across the state for wildlife purposes. Controlled OHV use on these lands protects wildlife and their habitats.

Utah law also requires youth, ages 8 to 16, to receive OHV certification before operating an OHV on open public-land roads and trails. Certification classes teach safety and instill ethics in young OHV users. Remember, to be a responsible rider also means receiving proper education.

Please call **1-800-OHV-RIDE** to enroll in a OHV safety certification class.

##### B. Antlerless Application and Drawing Procedure

##### 1. Application - Deadline

R657-5-57

(1) The 2006 antlerless applications will be available by May 23, 2006, from license agents, Division offices, and online at [wildlife.utah.gov](http://wildlife.utah.gov).

(2)(a) The Division may mail preprinted applications as a courtesy to applicants who have applied with a paper application in previous years. Any person who does not receive a preprinted application may obtain an application from a license agent, Division office or online at [wildlife.utah.gov](http://wildlife.utah.gov).

(b) Any person who applied online in previous years may receive a postcard as a reminder of the upcoming application period.

(3) Residents and nonresidents may apply for, and draw the following permits, except as provided in Subsection (5):

(a) antlerless deer;

(b) antlerless elk;

(c) doe pronghorn; and

(d) antlerless moose.

(4) A youth may apply in the Antlerless Drawing as provided in Subsection (3) or Section II.B.2, Youth Antlerless Deer, Antlerless Elk and Doe Pronghorn Drawing Process.

(5) Any person who has obtained a pronghorn permit, or a moose permit may not apply for a doe pronghorn permit or antlerless moose permit, respectively, except as provided in Section II.B.7., Antlerless Permits Remaining After the Drawing.

(6) A person may not submit more than one application in the drawing per species as provided in Subsection (3).

(7) Only a resident may apply for or obtain a resident permit and only a nonresident may apply for or obtain a nonresident permit, except as provided in Section II.B.5., Antlerless Big Game Drawing and Section II.B.7., Antlerless Permits Remaining After the Drawing.

(8)(a) Applications must be submitted in one of the following ways:

(i) through the mail to: Utah Wildlife Administrative Services, P.O. Box 30389, Salt Lake City, Utah 84130-0389; or

(ii) through an overnight mail service to: Utah Wildlife Administrative Services, 185 North Maine Street, Fallon, Nevada 89406; or

(iii) online at [wildlife.utah.gov](http://wildlife.utah.gov).

(b) Applications must be received through the mail at the Utah Wildlife Administrative Service's P.O. Box and through any overnight mail service at the Utah Wildlife Administrative Service's street address by 5 p.m. on June 19, 2006. Applications submitted online at [wildlife.utah.gov](http://wildlife.utah.gov) must be completed by 11 p.m. on June 19, 2006. The Division cannot guarantee delivery. Check with your local postmaster for service and remember to allow the Post Office time to process the mail. Also note that overnight mail cannot be delivered to a post office box and that the Utah Wildlife Administrative Services post office box is NOT a drop box.

(c) If an error is found on an application, those applications received through the mail, through an overnight mail service or online by 5 p.m. on June 12, 2006, may receive an application correction letter. Corrections by the applicant can only be made using the personalized and numbered application correction letter mailed to the appli-

cant. Corrections must be mailed to the address identified in the application correction letter and received no later than the date indicated in the letter.

(d) If an error is found on an application received between June 12 and June 19, the application may be considered for correction if processing time allows.

(e) The opportunity to correct an error is not guaranteed. The Division reserves the right to correct applications without sending a correction letter.

(9)(a) Late applications received by July 3, 2006, will not be considered in the drawing, but will be processed for the purpose of entering data into the Division's draw database to provide:

- (i) future preprinted applications;
- (ii) notification by mail of late application and other draw opportunities; and
- (iii) re-evaluation of Division or third-party errors.

(b) The \$5 handling fee will be used to process the late application. Any permit fees submitted with the application will be refunded.

(c) Late applications received after July 3, 2006, will not be processed and will be returned.

(10) Any person who applies for a hunt that occurs on private land is responsible for obtaining written permission from the landowner to access the property. To avoid disappointment and wasting the permit and fee if access is not obtained, hunters should get written permission before applying. The Division does not guarantee access and does not have the names of landowners where hunts occur. Hunts that occur primarily on private land are indicated by an asterisk in the hunt tables.

(11) To apply for a resident permit, a person must establish residency by the date of purchase.

(12) The posting date of the drawing is considered the date of purchase.

### A Utah resident license or permit is invalid if:

- a resident license for hunting, fishing or trapping is purchased in any other state or country.

### An individual DOES NOT qualify as a resident if:

- they are an absentee landowner paying property tax on land in Utah.

## 2. Youth Antlerless Deer, Antlerless Elk and Doe Pronghorn Drawing Process

R657-5-59

(1)(a) Twenty percent of the antlerless deer, antlerless elk and doe pronghorn permits are reserved for youth hunters.

(b) For purposes of this section, "youth" means any person 18 years of age or younger on the opening day of the general archery buck deer season, which is August 19, 2006.

(2)(a) Youth hunters who wish to participate in the youth drawing must:

- (i) submit an application in accordance with Section 11.B.1; and
- (ii) not apply as a group.

(b) Youth applicants who apply for an antlerless deer, antlerless elk, or doe pronghorn permit as provided in Subsection (2)(a), will automatically be considered in the youth drawing based upon their birth date.

(3) Any reserved permits remaining and any youth applicants who were not selected for reserved permits shall be returned to the Antlerless Drawing.

## 3. Fees for Antlerless Applications

R657-5-58 & R657-42

(1) Each application must include the permit fee and a \$5 nonrefundable handling fee for each species applied for, except when applying with a credit or debit card, the permit fees and handling fees must be paid pursuant to Subsection (3)(c).

(2)(a) Personal checks, business checks, money orders, cashier's checks, and American Express, Discover, MasterCard and VISA credit or debit cards are accepted.

(b) Personal or business checks drawn on an out-of-state account are not accepted.

(c) Third-party checks are not accepted.

(d) All payments must be made payable to the Utah Division of Wildlife Resources.

(3)(a) Credit or debit cards must be valid at least 30 days after the drawing results are posted.

(b) If applicants are applying as a group, all fees for all applicants in that group must be charged to one credit card.

(c) Handling fees and donations are charged to the credit or debit card when the application is processed. Permit fees are charged after the drawing, if successful.

(d) Permit fees may be charged to the credit or debit card prior to the post date, if successful.

(e) The Division shall not be held responsible for bank charges incurred for the use of credit or debit cards.

(4)(a) An application is voidable if the check is returned unpaid from the bank or the credit or debit card is invalid or refused.

(b) The Division charges a \$20 returned check collection fee for any check returned unpaid from the bank.

(5)(a) A license or permit is voidable if the check is returned unpaid from the bank or the credit or debit card is invalid or refused.

(b) The Division may make attempt to contact the successful applicant by phone or mail to collect payment prior to voiding the permit.

(c) The Division shall reinstate the applicant's bonus points or preference points, whichever is applicable, and waive waiting periods, if applicable, when voiding a permit in accordance with Subsection (b).

(d) A permit which is deemed void in accordance with Subsection (b) may be reissued by the Division to the next person listed on the alternate drawing list.

(6) A license or permit received by a person shall be deemed invalid if payment for that license or permit is not received, or a check is returned unpaid from the bank, or the credit card is invalid or refused.

(7) Hunting with a permit where payment has not been received for that permit constitutes a violation of hunting without a valid permit.

(8) The Division may require a money order or cashier's check to correct payment for a license, permit, or certificate of registration.

(9) Any person who fails to pay the required fee for any application, license, permit or certificate of registration, shall be ineligible to obtain any other license, permit, tag, or certificate of registration until the delinquent fees and associated collection costs are paid.

#### 4. Applying as a Group

R657-5-26

(1)(a) Up to four people may apply together for antlerless deer, antlerless elk or doe pronghorn permits.

(b) Group applications are not accepted for moose permits.

(c) Youth applicants who wish to participate in the Youth Antlerless Drawing as provided in Section II.B.2, Youth Antlerless Deer, Antlerless Elk and Doe Pronghorn Drawing Process, must not apply as part of a group.

(2)(a) Applicants must indicate the number of hunters in the group by filling in the appropriate box on each application form.

(b) If the appropriate box is not filled out with the number of hunters in the group, each hunter in that group shall be entered into the drawing as individual hunters, and not as a group.

(3) Group applicants must submit their applications together in the same envelope.

(4) Residents and nonresidents may apply together.

(5) When applying as a group:

(a) if one applicant is successful in drawing a permit, then all applicants with valid applications in that group are successful;

(b) if the group is rejected due to an error in fees and only one species is applied for, then the entire group is rejected;

(c) if the group is rejected due to an error in fees and more than one species is applied for, the group will be kept in the drawing for any species with sufficient fees, using the draw order provided in Section II.B.5, Antlerless Big Game Drawing, (for example, if a group applies for antlerless elk and antlerless deer, but only sends enough money to cover antlerless elk, they will only be in the drawing for antlerless elk. If they are unsuccessful in the antlerless elk drawing, they will not be included in the antlerless deer drawing); or

(d) if one or more members of the group are rejected due to an error other than fees, the members with valid applications will be kept in the drawing, unless the group indicates on the application that all members are to be rejected.

(i) The applicant whose application is on the top of all the applications for that group, will be designated the group leader.

(ii) If any group member has an error on their application that is not corrected during the correction process, the reject box on the group leader's application will determine whether the entire group is rejected.

#### 5. Antlerless Big Game Drawing

R657-5-59

(1) Permits are drawn in the following order:

(a) antlerless moose;

(b) youth permits for antlerless elk, antlerless deer, and doe pronghorn;

(c) antlerless elk;

(d) antlerless deer; and

(e) doe pronghorn.

(2) If permits remain after all choices have been evaluated separately for residents and nonresidents, a second evaluation will be done allowing cross-over usage of remaining resident and nonresident permit quotas. (For example, if nonresident permits are available for a certain hunt, they will be filled by residents who were unsuccessful in the drawing for the same hunt.)

(3)(a) Applicants will be notified by mail or e-mail of draw results by July 27, 2006. The drawing results also will be posted online at [wildlife.utah.gov](http://wildlife.utah.gov).

(b) Drawing results may also be obtained by calling Utah Wildlife Administrative Services toll-free at 1-800-221-0659 24 hours a day, 7 days a week.

#### 6. Antlerless Application Refunds

R657-5-60

(1) Unsuccessful applicants, who applied with a check or money order, will receive a refund in August.

(2)(a) Unsuccessful applicants, who applied with a credit or debit card, will not be charged for a permit.

(b) Unsuccessful applicants, who applied as a group, will receive an equally distributed refund of money remaining after the successful applicants' permits are paid for (See Section II.B.4.(5), Applying as a Group).

New  
This Year!

#### BONUS POINTS

R657-5-37A

Bonus points in the Antlerless Drawing apply to antlerless moose only. A bonus point is awarded for each unsuccessful application to hunt antlerless moose.

An individual who does not want to hunt antlerless moose in the current year may apply for a bonus point only by inserting the appropriate hunt choice code (ANM) on the application and paying the \$5 handling fee.

If you are eligible for an antlerless moose permit, you are eligible to apply for an antlerless moose bonus point.

If you apply for an antlerless moose permit AND a bonus point, your application will be rejected.

##### How your bonus points work in the draw:

Fifty percent (rounded down) of the permits for each hunt unit number are reserved for applicants with the most bonus points.

You receive one random drawing number for your antlerless moose permit and one for every bonus point you have for antlerless moose. Your lowest random number is used in the drawing.

In the draw for antlerless moose, applications are sorted into groups by the number of bonus points, from highest to lowest - a 3 bonus point group, a 2 bonus point group, etc. Applications are sorted from lowest to highest draw number and permits are awarded in order.

You may surrender an antlerless moose permit prior to the season opening date, for the purpose of waiving the waiting period normally assessed and reinstating the number of bonus points, including a bonus point for the current year (just as if a permit had not been drawn).

The Division will begin tracking bonus points of all antlerless moose application information in 2006.

##### You cannot apply for a hunt or receive a bonus point if:

- you are currently under wildlife license suspension for big game hunting; or
- you are currently under a waiting period for that species.

A complete copy of these regulations (R657-5-37A) can be found online at [wildlife.utah.gov/rules](http://wildlife.utah.gov/rules).

(c) If group members have other financial arrangements between themselves, group members should be prepared to reallocate each group member's individual refunds among themselves.

(3) The \$5 handling fees are nonrefundable.

## 7. Antlerless Permits Remaining After the Drawing

R657-5-61

Permits remaining after the drawing may be obtained beginning August 3, 2006, on a first-come, first-served basis through license agents, Division offices and online at [wildlife.utah.gov](http://wildlife.utah.gov). An eligible person who obtained an antlerless elk permit through the Antlerless Drawing may obtain a second antlerless elk permit if any remain after the drawing. A person who did not obtain an antlerless elk permit in the Antlerless Drawing may purchase up to two antlerless elk permits if any remain after the drawing. See section IV.B.(3), Antlerless Elk Hunts, for eligibility details.

## 8. Application Withdrawal

R657-5-62

(1)(a) An applicant may withdraw their application for the Antlerless Drawing by requesting such in writing by June 30, 2006.

(b) A withdrawal form, which requests all of the necessary information to withdraw an application, is available at Division offices and online at [wildlife.utah.gov](http://wildlife.utah.gov).

(2) The applicant must send their notarized signature, with a statement requesting that their application be withdrawn, to: Utah Wildlife Administrative Services, P.O. Box 30389, Salt Lake City, Utah 84130-0389.

(3) Handling fees will not be refunded.

## 9. Application Amendments

R657-5-62

(1)(a) An applicant may amend their application for the Antlerless Drawing by requesting such in writing by June 30, 2006.

(b) An amendment form, which requests all of the necessary information to amend an application, is available at Division offices and online at [wildlife.utah.gov](http://wildlife.utah.gov).

(2) The applicant must send their notarized signature, with a statement requesting that their application be amended, to: Utah Wildlife Administrative Services, P.O. Box 30389, Salt Lake City, Utah 84130-0389.

(3) The applicant must identify in their statement the requested amendment to their application.

(4) Handling fees will not be refunded.

(5) An amendment may cause rejection if the amendment causes an error on the application.

## 10. Sales Final - Exceptions

23-19-38

(1) Sales of all licenses, certificates or permits are final, and the Division may make no refunds, except as provided in Subsection (2).

(2) The Division may refund the amount of the license, certificate or permit if:

(a) the Division or Wildlife Board discontinues the activity for which the license, certificate or permit was obtained;

(b) the Division determines that it erroneously collected a fee;

(c)(i) the person to whom the license, certificate, or permit is issued becomes ill or suffers an injury that would preclude that person from being able to participate in the activity for which the license, certificate, or permit was obtained;

## PREFERENCE POINTS

R657-5-37B

Preference points are used to ensure that applicants who are unsuccessful, or who apply for a preference point in the

Antlerless Drawing for antlerless deer, antlerless elk and doe pronghorn, will have first preference in the next year's drawing for the respective permits.

Preference points in the Antlerless Drawing apply to antlerless deer, antlerless elk and doe pronghorn hunts only. A preference point is awarded for each unsuccessful antlerless deer, antlerless elk and doe pronghorn application.

An individual who does not want to hunt antlerless deer, antlerless elk or doe pronghorn in the current year may apply for a preference point only by inserting the appropriate hunt choice code (AND, ANE and ANP, respectively) on the application and paying the \$5 per point handling fee. The application period is May 23 – June 19, 2006.

If you are eligible for an antlerless deer, antlerless elk or doe pronghorn permit, you are eligible to apply for a preference point for that hunt.

If you apply in the Antlerless Drawing for a permit AND a preference point for the same species, your application will be rejected.

A preference point will not be issued if an applicant is successful in drawing for the respective permit.

Preference points are not forfeited if an individual obtains a remaining permit.

The Division will begin tracking preference points of all antlerless deer, antlerless elk and doe pronghorn application information in 2006.

### How your Preference Points work in the draw:

In the drawing, the antlerless deer, antlerless elk and doe pronghorn applications are sorted into groups by the number of preference points, from highest to lowest - a 4 Preference Point Group, a 3 Preference Point Group, etc. Within each group of preference points, the applications are then sorted from lowest to highest draw numbers. Permits are awarded in order, based on the hunt choice selected.

Preference points are averaged and rounded down when two or more applicants apply as a group. For example, if hunter A with three preference points and hunter B with zero preference points apply as a group, the preference points are averaged (1.5) and rounded down to one. This process will determine in which group of preference points your application will be considered. Hunters with one preference point will be considered only after all groups or individuals with two or more preference points and before all groups or individuals with zero preference points.

In a second example, if hunter A with one preference point and hunter B with zero preference points apply as a group, the preference points are averaged (0.5) and rounded down to zero. This process will determine in which group of preference points your application will be considered. This group with zero preference points will be considered after all groups or individuals with one or more preference points have been considered.

An individual may surrender their antlerless deer, antlerless elk or doe pronghorn permit prior to the season opening date for the purpose of reinstating the number of preference points, including a preference point for the current year (just as if a permit had not been drawn).

**You cannot apply for an antlerless deer, antlerless elk or doe pronghorn permit or a preference point if you are currently under wildlife license suspension for big game hunting.**

A complete copy of these regulations (R657-5-37B) can be found online at [wildlife.utah.gov/rules](http://wildlife.utah.gov/rules).

- (ii) the person furnishes verification of illness or injury from a physician;
  - (iii) the person does not actually participate in the activity for which the license, certificate, or permit was obtained; and
  - (iv) the license, certificate, or permit is surrendered before the end of the season for which the permit was issued; or
  - (d) the person to whom the license, certificate or permit is issued dies prior to that person's being able to participate in the activity for which the license, certificate or permit was obtained.
- (3) The director of the Division may reallocate surrendered permits in accordance with Rule R657-42.

## V. COOPERATIVE WILDLIFE MANAGEMENT UNIT (CWMU) ANTLERLESS PERMITS/HOW TO OBTAIN CWMU PERMITS

(1) Residents and nonresidents may apply for antlerless CWMU permits through the drawing or may obtain CWMU permit vouchers from the landowner or operator.

### COOPERATIVE WILDLIFE MANAGEMENT UNITS

More than 60 percent of the state's big game winter range occurs on private land. The increasing development to satisfy human needs on these ranges will significantly reduce Utah's big game herds and recreational opportunities unless actions are taken to preserve these lands. The CWMU Program has been developed to help in the preservation effort.

**How the Program Works:** The CWMU Program provides economic incentive to landowners to keep private range and forestlands in wildlife habitat rather than succumbing to development. CWMUs also allow for free public hunting access onto the private lands enrolled in the program.

CWMUs comprise more than 2 million acres of land and will provide nearly 3,100 hunting permits for bucks and bulls in 2006. About 15 percent of these permits will be provided to the general public through a drawing. There are also 1,586 antlerless permits provided, 75 percent of which are available for the public to draw.

Both private and public hunters generally enjoy greater hunting benefits on CWMUs in the form of improved harvest success and reduced hunter competition.

**How to Participate:** Successful applicants must contact the CWMU operator to obtain the following:

(a) Hunting dates of guaranteed access within the legal CWMU hunting season framework. Realize that both the operator and the hunter must schedule around individual needs—be realistic and patient.

(b) A map of the CWMU showing access and the acreage you will be allowed to hunt. Comparable acreage should be available to private and public CWMU hunters.

(c) A copy of rules—CWMUs are allowed to develop rules of conduct for their unit. Examples of requirements may include: no pre-season scouting, checking into and out of the unit daily, limited vehicle access, no over-night camping, a marksmanship test, limiting the number of hunting companions, etc. Hunters may be asked to leave a CWMU for failure to abide by reasonable rules of conduct.

**Complaint Process:** Hunters wishing to lodge complaints against a CWMU should contact the Division immediately. Biologists and conservation officers have access to complaint forms. Otherwise, the complaint may be made in person or over the telephone. Because time is of the essence, it is expected that the hunter and the operator will make every effort to resolve issues before they escalate to the Division level. If a problem cannot be resolved locally, it may be passed on to a CWMU Advisory Committee.

(2) CWMU landowner association members, CWMU landowner association operators, and their spouses or dependant children may not apply in the drawing for CWMU permits.

(3) CWMU vouchers may be redeemed:

(a) by mailing the vouchers to the Division of Wildlife Resources, CWMU Licensing, 1594 W. North Temple, Suite 2110, Box 146301, Salt Lake City, Utah, 84114, to obtain permits (please allow 10 to 14 days for processing); or

(b) over-the-counter at any Division office.

## There's More To Hunter Safety & Responsibility Than Just Weapons Safety

### What Can You Do To Prevent Wildfires?

- Find out if there are any fire restrictions in the area you plan to visit.
- When smoking outside a vehicle, safe practices require at least a 3-foot area cleared to bare dirt.
- Limit use of motorized vehicles to established roads or trails.
- Do not park vehicles over dry grass or brush, hot exhaust systems can and do start fires.
- Keep a bucket, shovel and fire extinguisher in your vehicle and at your camp.
- Ensure your ATVs and motorcycles are equipped with spark arresters.

**Talk to other hunters about fire safety and SPREAD THE WORD. Ensure all fires are DEAD OUT! Be responsible and protect your hunting opportunities.**

### Build A Safe Campfire

- Check to see if a campfire is allowed in the area you plan to visit.
- Use designated sites or clear an area at least 10 feet across.
- Build campfires away from overhanging branches.
- Keep fire small and controllable.
- Never leave a campfire unattended.
- Drown fire with water and stir remains to make sure all embers, coals & sticks are wet and cool to the touch.

**Check with your local agencies to see if there are any prescribed fires taking place where you are planning to hunt.**

## MAKE A DIFFERENCE

Get involved in the decision-making process regarding Utah wildlife management, rules and regulations. Attend your local wildlife Regional Advisory Council (RAC) meetings. The Utah State Legislature created the RACs in the early 1990s to gather public input from citizens at the grassroots level about wildlife management issues. The five RACs in the state each consist of 12 to 15 members who represent various interests and groups:

- agriculture
- sportsmen
- nonconsumptive wildlife
- locally elected public officials
- federal land agencies
- public at large

The RACs gather public input at regularly scheduled meetings throughout the state and make recommendations to the Utah Wildlife Board in an advisory capacity. The Wildlife Board relies heavily on input from the RACs when establishing policy, rules and regulations for the Division of Wildlife Resources.

In these open public meetings, citizens are encouraged to ask questions and express opinions and ideas in a structured forum.

This is your opportunity to make a difference.
